

I am appalled that Sinclair Broadcasting would consider broadcasting any programing of such clear political content without also broadcasting equivalent equal time programing voice alternative views.

It is simply, unAmerican, and certainly contrary to FCC regulations.

I urge the FCC to do everything within its power to prevent Sinclair Broadcasting from forcing its stations to air "Stolen Honor" (even its title proclaims its partisan content) or to require that they broadcast "Going Upriver" a film that addresses the same subject matter from the opposite partisan viewpoint.
